

Technical Rider Run Chicken Run

About the performance:

Gruppe 38's production, "Run Chicken Run", is small and the performance will only work in a small intimate venue. The audience must be placed so close to the stage: 1) that every person has the feeling, that the story is told exclusively to him or her 2) that the audience can see every little detail in the setup. Because of that, we have some requirements about how the audience is seated. (see the passage about seating below)
